Title	RECIPROCATING ELEMENTS AND ASSOCIATED FLUID FLOWS

Dear Ms Hood:

Enclosed is corrected set of all 47 drawing sheets in the above, last submitted in the amendment under 37 CFR **1.312** filed on 24<sup>th</sup> April 2006.

The corrections, totaling around ten, are of minor omissions. For example, Fig 37 is in two parts, but the "A" and "B" were previously omitted and are now added; in figure 126 item 3031a was previously not shown but referred to in text; etc. A complete schedule of changes can be provided. No new material was added.

Please make sure that these drawing, dated today and marked at the top "3rd Replacement Sheets" are the ones that are published, instead of the drawings submitted 24<sup>th</sup> April.

If any additional fees should be due, please debit my patent office deposit account number **501 334**.

Many thanks.

Sincerely,

Mitja Victor Hinderks.

Sole inventor, applicant and power-of-attorney of record.
